How to care:

1. Clean the surface of the game machine with dry, soft tools to keep the room clean and reduce the burden.
2. Avoid direct sunlight, place in a cool and ventilated place outside the machine, and air dry naturally.
3. One day before starting the machine, please check all kinds of spare parts on the machine to find problems in time.
4. If the game machine will not be used for a short time, please pack it properly and put it away. Prevent the machine from aging by moisture. But the machine needs to be turned on for 60 minutes every two weeks.
